

Welcome skaters!
We are now taking registration!

Attached is some very important information for you to read before proceeding with our online registration. There will be a mandatory orientation session for **all** parents on September 23 5:30-6:00 2nd floor near the oval. Parents must attend before your child/ren are allowed to be on ice.

I have attached this season's fees and membership options. Please sign yourself up as a parent volunteer or official...without you we cannot run our club or time trials.

A quick note regarding fundraising: We have an amazing fundraising committee this year who have been working very hard on planning a wide variety of options to meet our members' commitment. The amount each skater must raise is \$175 up to a two member per household maximum. More information will come out about this when registration is complete.

Please plan on getting your rentals on September 7 during the One Stop Registration Event. We will be at the oval from 10am-2pm to help you register, get your rentals, submit your fundraising deposit and purchase any additional equipment. Our wonderful equipment team are very busy working moms and would greatly appreciate it if you come during this time for rentals as they do not have the time to run down to the arena for 50 different pairs of children's skates.

Be aware that if you have not attended the orientation, or submitted your fundraising deposit your child may **not** go on the ice.

Here is the link to register:
